Subject: 2016-9-30 - Williams AFB - not the agencies letter - well locations - ST012 EBR - contain and characterize

EPA previous suggested locations are good. Eva and yourself suggested fine locations during our technical discussions. Most ADEQ suggested areas match EPA areas. I do not believe ADEQ locations are imperative and required.

I kind of thought additional characterization well locations were to be transmitted to USAF, but I do not believe the Joint Agencies letter was specifically designated as the sole and only transmittal vehicle. But I am open to correction if anyone recalls differently.

Subject: 2016-9-30 - Williams AFB - were well locations to be agency specified - Agencies letter - ST012 EBR - contain and characterize - cda epa

It seems it was ages ago when we drafted this letter, I don't remember if a figure was to be attached. Wayne, did ADEQ have a request for additional well locations?

Loren-

The letter mentions an attached figure. Is the figure available? Thank you.

Cathy
